Freight Booking

The Javits Center has launched a new, state-of-the-art software platform to streamline, accelerate, and track truck marshaling activities for all events at the Javits Center. This first-of-its-kind logistics management system, which can be monitored remotely, will be utilized as part of the four-level truck marshaling facility. This system significantly increases the efficiency and security of the intricate process by which trucks deliver and retrieve event-related materials throughout the show. **All contractor- and exhibitor-scheduled freight deliveries or collections must be scheduled in advance through this new Javits Center Logistics platform, using the VENDOR REGISTRATION FORM.**

[Click here to create a freight booking](https://javits-freightbookings.sv3.us/carrier_signup_form)

If the above link does not work, please copy/type the following link into your browser, and create a freight booking at https://javits-freightbookings.sv3.us/carrier_signup_form. This new logistics software requires all vehicles/drivers to complete a booking providing some basic exhibitor, driver, and company details. A general contractor will review and electronically assign staging, marshaling and/or dock space through SMS text or the mobile application. The check-in process will be expedited by driver(s) completing the booking information form 24 hours prior to their arrival. Processing delays should be expected if advance booking is not completed.

EMPTY Labels & Storage

Empty crates, cases, and cartons (once labeled) will be removed to storage and returned to your space after your Press Conference or at the end of the Show. Exhibitors are encouraged to affix the appropriate EMPTY storage labels on crates, cases, or cartons as soon as possible upon unpacking to assist in clearing the floor of extra materials.

Every crate, case, carton, part of exhibit or piece of equipment should have an EMPTY storage label with your Company Name & Space Number printed legibly on it. At the conclusion of the Show—after all cars have been removed from the Show floor—any un-used literature, empty crates, cases, or cartons will be returned to exhibitor space(s). Cartons of literature stored within your space **MUST** be concealed and **CANNOT** block aisles nor infringe upon neighboring exhibits.

ALL empty crates, cases and cartons must be labeled for removal from Show aisles by 6 PM on Tuesday, March 31. Any crates, cartons or cases not removed by this date & time must be situated within your space so as not to impede the laying of aisle carpet.

(returned Wednesday, April 1 after 9 PM)

Lime: Press Changeover Day #2
(returned Thursday, April 2 after 6 PM)

Orange: General EMPTY storage
(returned Sunday, April 12 after 11 PM)

Pink: Hanging Signs & Overhead Lighting/Rigging
(returned Monday, April 13, by 4 PM)

Light Blue: Specialty Storage
(returned upon request or Sunday, April 12 after 11pm)

Accessible Storage

Bulk deliveries of literature and/or giveaway items from the storage area to Exhibitor's space shall be done by Teamsters. Please place your delivery service orders daily (the day before they are needed) at the T3 Expo Service Desk (in the Crystal Palace lobby, just outside the Hall 3B Entrance). Items delivered to your space can then be moved by the exhibitor (or Journeyman/Apprentice Carpenters) to stock tables, shelves, or other distribution centers. Literature and/or giveaway items must be stored out of view and may not interfere with neighboring display(s).
